

Week	Date	Time	Topic	Self-study	Teacher	Room
3	m 12 jan	13.15-16	Conservation biology, biodiversity, values and ecosystem services	Reading book chapters +material posted in Moodle, writing assignments	ATL	Kurssalen, Biocity
	t 13 jan	13.15-16	Threats to biodiversity: Eutrophication and climate change in marine ecosystems	Reading book chapters +material posted in Moodle, writing assignments	JEÖ	Biokemi, Biocity
	w 14 jan	13.15-16	Threats to biodiversity: Introduced species	Reading book chapters +material posted in Moodle, writing assignments	SR	Kurssalen, Biocity
	t 15 jan	13.15-16	Threats to biodiversity: Habitat loss and climate change in terrestrial ecosystems	Reading book chapters +material posted in Moodle, writing assignments	AL	Kurssalen, Biocity
	f 16 jan	13.15-16	Applied population biology; extinction, conserving populations and species	Reading book chapters +material posted in Moodle, writing assignments	ATL	Kurssalen, Biocity
4	m 19 jan	13.15-16	CANCELLED Conservation inside and outside protected areas.	Reading book chapters +material posted in Moodle, writing assignments	ATL	Kurssalen, Biocity
	t 20 jan			Reading book chapters +material posted in Moodle, writing assignments		
	w 21 jan	13.15-16	Conservation management: Conservation conflicts	Reading book chapters +material posted in Moodle, writing assignments	AG	Kurssalen, Biocity
	t 22 jan			Project work, individual appointments with supervisors		
f 23 jan		DEADLINE DISPATCH	Project work, individual appointments with supervisors			
5	m 26 jan			Project work, individual appointments with supervisors		
	t 27 jan			Project work, individual appointments with supervisors		
	w 28 jan	13.15-16	Project updates, DEADLINE DISPATCH PEER REVIEW	Project work, individual appointments with supervisors	ATL	Kurssalen, Biocity
	t 29 jan			Project work, individual appointments with supervisors		
f 30 jan		DEADLINE UPDATED DISPATCH	Project work, individual appointments with supervisors			
6	m 02 feb		Individual project updates	Project work, individual appointments with supervisors	ATL	Skype / phone
	t 03 feb		Individual project updates	Project work, individual appointments with supervisors	ATL	Skype / phone
	w 04 feb		Individual project updates	Project work, individual appointments with supervisors	ATL	Skype / phone
	t 05 feb		Individual project updates	Project work, individual appointments with supervisors	ATL	Skype / phone
	f 06 feb		Individual project updates	Project work, individual appointments with supervisors	ATL	Skype / phone
7	m 09 feb			Project work, individual appointments with supervisors		
	t 10 feb			Project work, individual appointments with supervisors		
	w 11 feb	13.15-16	Final project presentation	Project report	ATL	Kurssalen, Biocity
	t 12 feb			Project report		
	f 13 feb			Project report		

Textbook: Primack (2012) A Primer of Conservation Biology 5edition, ISBN: 978-0-87893-623-6, <http://www.sinauer.com/a-primer-of-conservation-biology.html>

Course coordinator: Ane Timenes Laugen (ATL), ane.laugen@abo.fi

Other teachers: Jonna Engström-Öst, Anna Granberg, Andreas Lindén, Satu Ramula
